Directions to Wolwedans

From **Windhoek** you travel south via Rehoboth (tarred road), and proceed on gravel road via Kobos, Klein Aub, Rietoog and Buellspoort (B1, C24, MR47, D1206) onto the D854. Where you intercept the C19 turn left and after some 5km, turn right onto the D845. Travel some 16 km's and turn left onto the C27. You stay on the C27 heading south until you reach the first NamibRand signboard. Carry on straight and remain on this road for approx. 45 km until you find the Wolwedans gate on the right hand side. Follow the signs to the Wolwedans farmhouse/reception, which is another 20 km's from the gate. From here you will be transferred to the Wolwedans Dune Camp or Wolwedans Dunes Lodge. Please do not leave the main road!

Coming from **Windhoek** you can alternatively choose the scenic route via Sreetshoogte Pass ending at Solitaire (420 km). From Solitaire you head south on C19, turn left onto the C27 to Sesriem and proceed south on C27. You can also travel on tarred road from WHK to Mariental, then on gravel via Maltahöhe and Tsarispass to Wolwedans (511 km).

From **Swakopmund** (425 km) or **Walvis Bay** (395 km) you travel on C14 to Solitaire and proceed on C19 and C27 to Wolwedans.

Coming from **Sesriem**, head south on the **C27** until you reach the Wolwedans gate. Note **not** to enter the D845 by driving straight on, but turn right to continue on C27. This a tricky T-junction.

Coming from **Lüderitz** you travel on the B4 and then you turn into the C13, you may then choose to turn into the D707, which is more of a scenic route. From Betta (here you should fuel) head north-west on the C27 until you reach the Wolwedans gate.

Coming from the South: No matter where you come from, to the west of **Maltahöhe** the D827 meets the C27. From this point, continue north on the C27 for approx. 30 km's where you will find the Wolwedans gate on the left hand side. Follow the description above to the Wolwedans.
